Digital Transformation to Enhance Pedagogy

Practical advice and hands on workshops on the most effective tools for learning

BEGIN YOUR LEARNING REVOLUTION

EFFECTIVE PEDAGOGY THROUGH TECHNOLOGY

Join us in this half-day Training Experience where our multi award winning trainer Alessio Bernardelli will show how technology, when used effectively, can enhance the learning experiences of our young people. The keynote will be followed by a range of workshops that aim at exploring and give practical advice on current tools and strategies to integrate technology-rich learning in your classroom.

THE TRAINING EXPERIENCE AIMS TO

- Enable teachers to use technology effectively to enhance learning and teaching
- Give hands-on experience of the most effective Web 2.0 Tools in education
- Help teachers to plan their next steps in integration technology in their lessons

THE WORKSHOPS INCLUDE

- iPad Integration
- Outstanding Collaborative Tools
- Developing Digital Literacy
- Playful and Free Digital Assessment Tools
- The Flipped Classroom
