

INSPIRATIONAL IPAD INTEGRATION

AN ADVANCED CPD COURSE INTO THE USE OF iPADS WITHIN THE CLASSROOM

St.Mary's Catholic High School, Manchester Road, Astley, Tyldesley, Manchester, M29 7EE. Tel. 01942 884144

Thursday 15th May 2014, 9:30 AM – 4:30 PM

The course is targeted at Primary, Secondary and FE.

BEGIN YOUR LEARNING REVOLUTION AND DEVELOP INNOVATIVE PRACTICE THROUGH THE USE OF IPADS IN YOUR CLASSROOM

iPads can be used highly effectively in a range of contexts and subjects to transform students into independent learners. Learn how to best utilise these devices to enrich your lessons and redefine learning tasks in ways that will move learners from consumers to creators of knowledge. The iPad's ability to quickly record, manipulate and share information makes it an invaluable tool in any educational setting and is applicable to colleagues in primary, secondary and FE.

St.Mary's Catholic High School

Led by Mr. Alessio Bernardelli Award winning Teacher, NSP Partner (CfBT), Institute of Physics Network Coordinator. Supported by AST Mr. Lee Peachey and Mr. James Garner.

THE TRAINING EXPERIENCE AIMS TO:

- Enable teachers who already use iPads in their lessons to move to the next level.
- Show how creative content can be made by combining multiple apps.
- Give hands on experience with some of the newest and most effective apps in education.
- Observe active learning with iPads in real lesson observations across the school.
- Help teachers to plan the next steps in their iPad integration.

THE TRAINING EXPERIENCE INCLUDES:

- Live classroom observations and learners' presentations.
- Refreshments and a light lunch.
- Hands-on activities to take back to the classroom.
- Establishing an advice network to provide extra support.

COST: £120 **TO BOOK:** Scan the QR code or visit <http://bit.ly/GA1vzZ>
